Crowdee GmbH

Mobile Crowdsourcing Platform

Our idea

We have developed a technology to implement surveys with minimal efforts. The setup of your survey takes less than 3 minutes. Results are available within hours and will be presented interactively considering various scenarios and target groups. Crowdee supports you while verifying your business decisions.

With Crowdee *SofortMaFo Products* everyone can design and launch surveys on branding, ads and media content, websites, price sensitivity and competition awareness within 5 Minutes only! Results are available within hours, oftentimes minutes! Crowdee supports your daily work to come to quick and validated decisions. Convince yourself, your team and your boss simply with *SofortMafo* statistics and facts - surely for an affordable price.
